Just a quick reminder of the rules:

1. Flights must be entered within 30 days of making the flight
2. A flight can only be entered if you are a full Avon member at the time of making the flight
3. Airspace restrictions must be observed during your flight - study an airmap before the flight and use one during the flight
4. Flights can be made from any UK site
5. Flights must be over 3km
6. Witnesses are not required

So there you go - get out there and give it a go! I look forward to receiving details of your flights - Date, Canopy, Site, TO grid ref, LZ grid ref. (Ideally send it to me on a copy of the Apco Aviation XC league form - see Dec 95 Skywings)

Tim Brunskill has suggested that I publish a list of people who are happy for people to phone them in the morning on flyable days to discuss which hill to go to etc. I think this is a good idea, so if you are willing to have your number published drop me a line. I will start it next month.

Chairmans Bit

My flying season seems to start later every year. A combination of work, OU exams, and the weather delayed my appearance on the hills until June this year.

This meant my second flight of the year was at the Manx TT. An interesting weekend at the hotel from hell. Four of us dossing down in the TV lounge, living off strange meals, cheese sandwiches and Guinness. For some reason it was easy to tell the pilots from the bikers. There was one flyable day, and after a wet Sunday in Douglas we did a runner for the early ferry. The full story will be told elsewhere.

The next weekend was the Avon club outing to Kemble, well it seemed everyone was there. Except for a problem on Friday which closed the conversion courses (and everything else) down the organisation seemed much better than previous years; proper weather, lots more people flying, good food, and wonderful ice cream. The black cloud hanging over the weekend was Dave Garbe's collision with a concrete bunker which led to a broken leg and fractured pelvis. Hope you are up and about soon Dave.

 All flights in Km's.

Colin Hale almost claimed the Easter Shield with two flights totalling 120 Kms, but Jim McMackin did 188 Kms (117 miles) on Monday 6 May, to claim the Easter shield, the new site record for Ubley and ahead of Jason in the club league.

Stop the presses.. Kevin Winters 156 Kms (97 miles) on Wed 15 May puts him in the lead of the club XC table...

Now that Hang Gliding Nirvana has arrived and NE is the prevailing wind direction, this year should see Avon well placed in the National XC League, so make sure you enter your flights! Unfortunately, I was unable to convince any pilots to attend the Airwave comp in SE Wales, and until I can be certain of at least 3 other pilots willing to travel away from Ubley there's not much point in organising any other HG comps. So call me if you want some organised.
